Professional Experience

Internship
OGERO

07/2025 – 09/2025
Sidon, Lebanon

Interned at **OGERO**, where I was exposed to telecommunications systems, network operations, and infrastructure support, enhancing my practical knowledge of communication networks.

Cashier

Zaatar w Zeit

05/2023 – 10/2023
Beirut, Lebanon

Served as a **Cashier at Zaatar w Zeit**, managing cash and card transactions, handling orders, and developing strong communication and customer service skills.

Projects

Personal Portfolio (WordPress)

Present

Responsive Personal Portfolio Developed with WordPress & Elementor
Developed a responsive personal portfolio website using **WordPress and Elementor** to showcase projects, technical skills, and professional experience. The website features a modern UI, smooth section-based navigation, and optimized performance for different screen sizes. Implemented custom layouts, interactive sections, and integrated third-party tools to enhance usability and presentation. Focused on clean design, accessibility, and maintainability to create a professional online presence.

EMS-Employee Management System

07/2025 – 09/2025

Developed a hybrid Employee Attendance & Management System combining an ESP32/ESP32-CAM terminal with fingerprint and face recognition and a cloud-backed mobile app for managers. The system performs secure check-in/check-out, real-time logging to Firebase, leave requests/approvals, and push notifications to improve attendance accuracy and administrative efficiency.
